everywhere

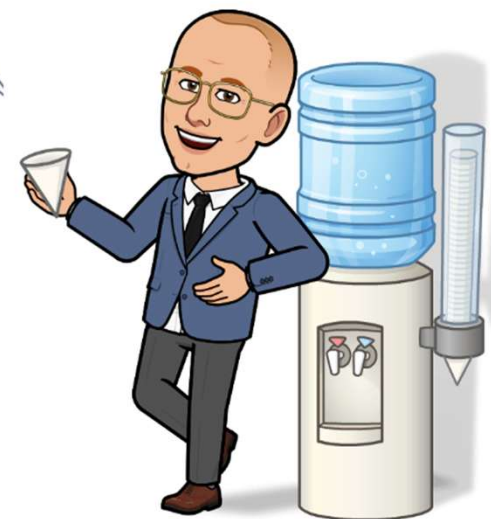

An “**AI Literacy**” will
allow us to adapt to
a technology driven
world

AI is AI...

But, what if it's not?

Of course, I use AI all the time...
I mean, it's basically all the same,
right?

Two Main Types of AI

Generative AI

Excels at Creative
& open-ended
tasks

Predictive AI

Focuses on up-
to-date, factual
information

What Type of AI is Best Suited for Creating New and Original Content?

Generative AI

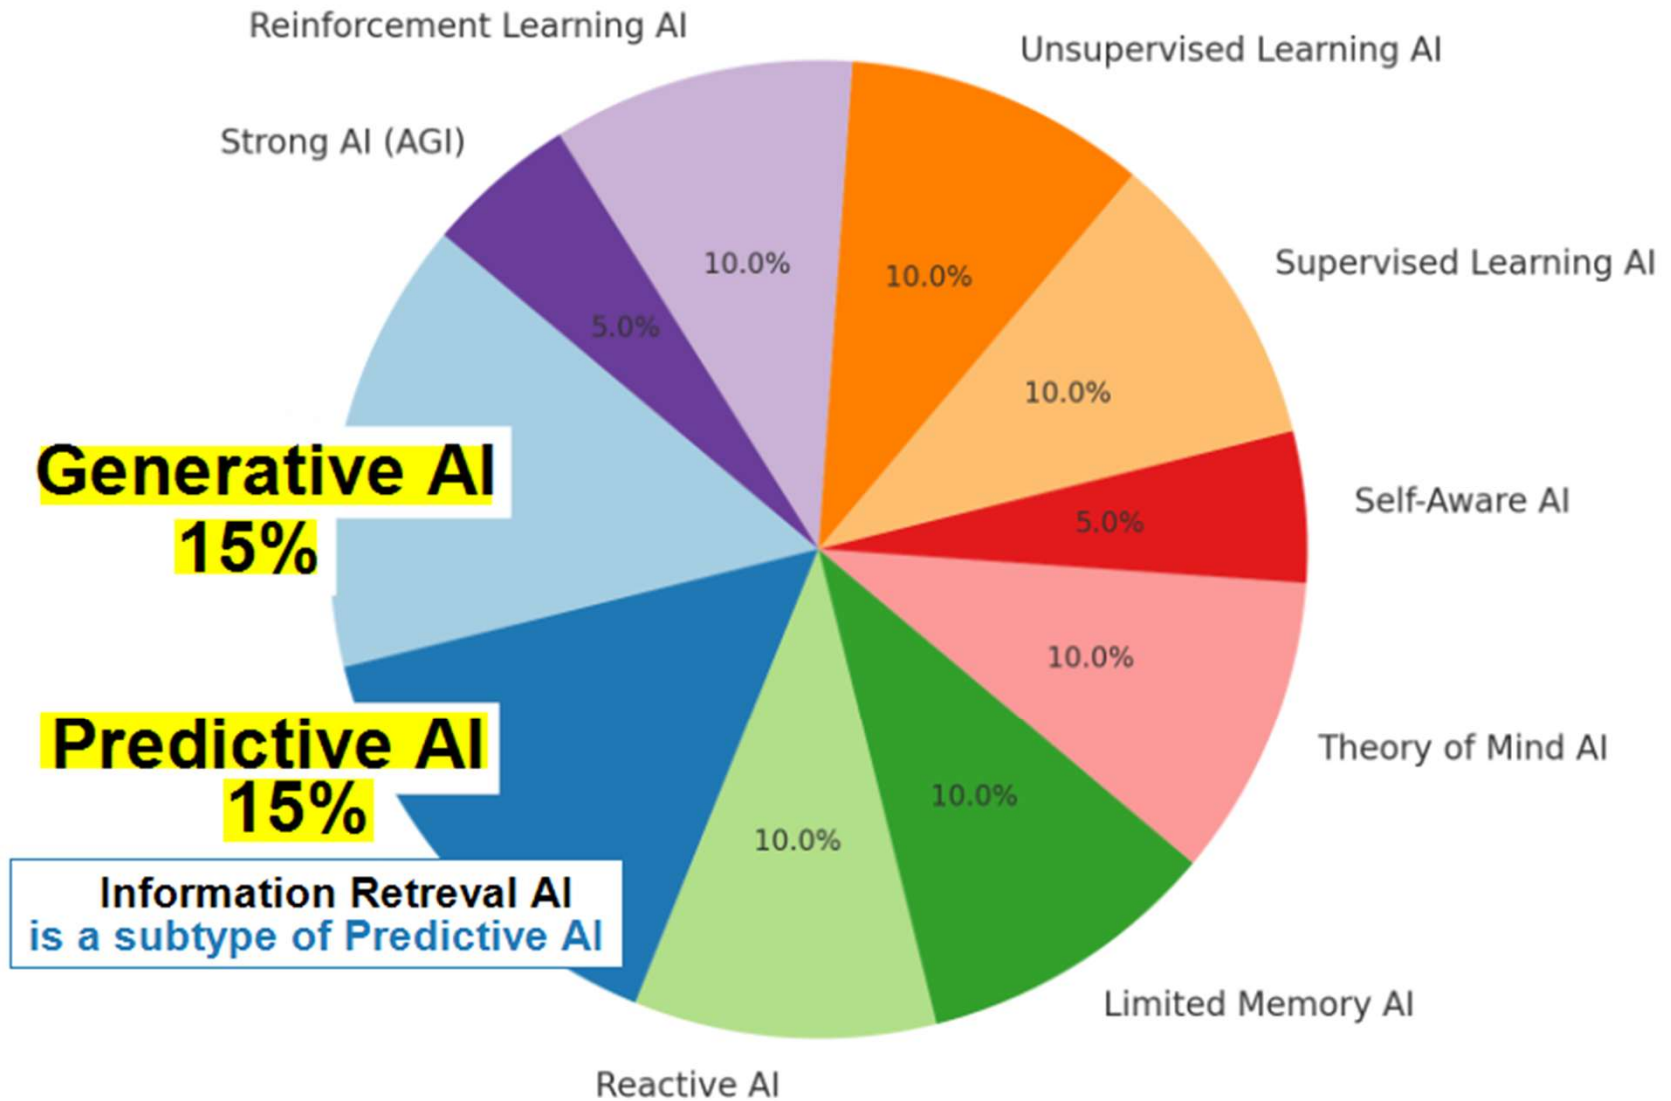

Generative AI models and systems **Generate** new data, like images, text, or music, based on patterns learned from existing data.

ChatGPT

Generative AI is paired with a Browser Tool

Types of AI and Their Proportions (Illustrative)

Which Type of AI, Excels at Researching the Most Current, and Up-to-Date Information?

Predictive AI

Predictive AI, paired **with Information Retrieval AI**, is the best choice for gathering the latest and most relevant data.

ChatGPT

Perplexity

Please show me the populations,
of the 10 biggest cities in
Canada, that are near water.

Here are the 10 largest Canadian cities near water, along with their populations:

1. **Toronto, Ontario** – Approximately 2.73 million residents. Situated on the northwestern shore of Lake Ontario, Toronto is Canada's largest city and a major cultural and economic hub. STATISTA

2. **Montreal, Quebec** – Over 1.7 million residents. Located on the Island of Montreal at the confluence of the Saint Lawrence and Ottawa Rivers, Montreal is renowned for its vibrant arts scene and bilingual culture. BEST DIPLOMATS

3. **Vancouver, British Columbia** – Approximately 2.7 million residents. Nestled between the Pacific Ocean and the Coast Mountains, Vancouver is

4. **Ottawa, Ontario** – Population of 1,017,449. As Canada's capital city, Ottawa is located at the confluence of the Ottawa, Gatineau, and Rideau Rivers, offering a rich history and numerous cultural institutions. WIKIPEDIA

5. **Calgary, Alberta** – Approximately 1.6 million residents. Situated on the Bow River, Calgary is known for its proximity to the Rocky Mountains and its vibrant energy sector. HOWSTUFFWORKS ANIMALS

Sure! Here are the populations of the 10 biggest cities in Canada that are near significant bodies of water:

1. **Toronto, Ontario** - Population: 2,731,571 (near Lake Ontario)
2. **Montreal, Quebec** - Population: 1,704,694 (near the Saint Lawrence River)
3. **Vancouver, British Columbia** - Population: 631,486 (near the Pacific Ocean)
4. **Calgary, Alberta** - Population: 1,239,220 (near the Bow River)
5. **Edmonton, Alberta** - Population: 932,546 (near the North Saskatchewan River)

1. Toronto, Ontario

- Population: 2,794,356
- Water Body: Lake Ontario

2. Montreal, Quebec

- Population: 1,762,949
- Water Body: St. Lawrence River

3. Calgary, Alberta

- Population: 1,010,899
- Water Body: Bow River

4. Ottawa, Ontario

- Population: 1,017,449
- Water Body: Ottawa River

5. Edmonton, Alberta

- Population: 1,010,899

Entering Prompts

Gemini

I know I should be doing some fitness stuff. But I don't have any equipment.
I don't want to go to a gym.

Perplexity

I know should be doing some fitness stuff, but I don't have any equipment.
I don't want to go to a gym.

No equipment? No problem! You can create a solid fitness routine at home that's effective and even fun. Here's a plan to get you started:

1. Warm-Up (5-10 minutes)

- **High knees:** Run in place, bringing your knees as high as you can.
- **Arm circles:** Swing your arms forward and backward to loosen up.
- **Dynamic stretches:** Stretch your arms, legs, and back with movements like lunges or toe touches.

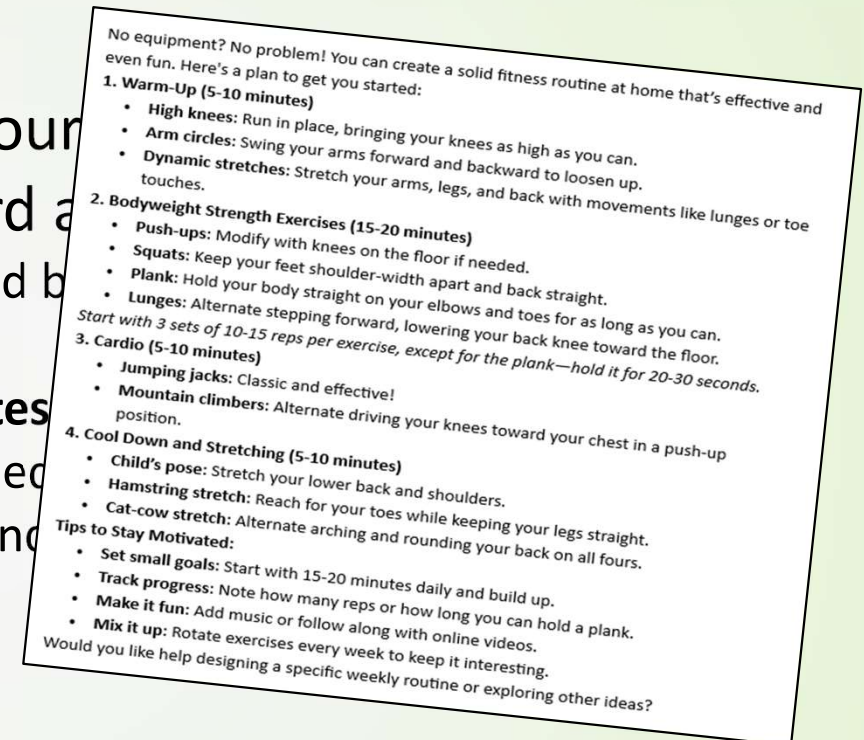

2. Bodyweight Strength Exercises (15-20 minutes)

- **Push-ups:** Modify with knees on the floor if needed.
- **Squats:** Keep your feet shoulder-width apart and toes for as long as you can.

3. Cardio (5-10 minutes)

- **Jumping jacks:** Classic and effective!
- **Mountain climbers:**

4. Cool Down and Stretching (5-10 minutes)

Would you like help designing a specific weekly routine or exploring other ideas?

No worries, I've got you covered! There are plenty of effective workouts you can do at home without any equipment.

Here are some ideas to get you started:

1. Bodyweight Exercises: These exercises use your own strength and endurance.

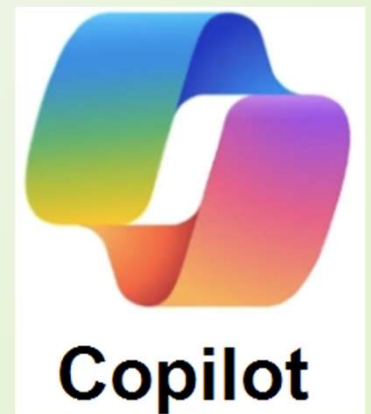

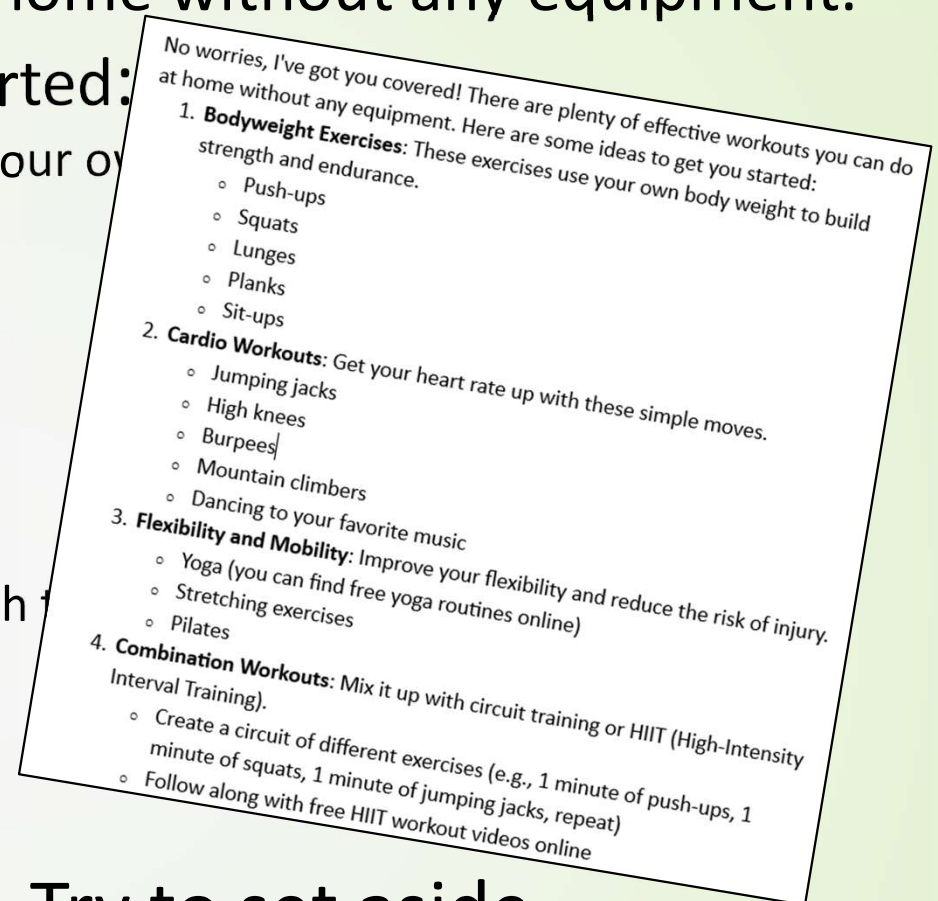

- 1. Push-ups
- 2. Squats
- 3. Lunges
- 4. Planks
- 5. Sit-ups

2. Cardio Workouts: Get your heart rate up with

- 1. Jumping jacks
- 2. High knees
- 3. Burpees
- 4. Mountain climbers

Remember, consistency is key. Try to set aside a specific time each day....

Maybe I can help you find the perfect routine.

That's awesome that you're looking to get moving!
You absolutely don't need a gym or fancy equipment to get a great workout. Here are a few ideas to get you started:

• **Bodyweight Exercises:** These are fantastic because they use your own body weight as resistance.

- **Squats:** A classic for a reason! Works your legs and glutes.
- **Push-ups:** A chest and tricep builder. Modify by doing them against a wall or on your knees to start.
- **Lunges:** Great for legs and core.
- **Plank:** Excellent for core strength.
- **Crunches/Sit-ups:** Work your abs.
- **Burpees:** A full-body exercise that's a real calorie burner.

• **Cardio at Home:**

- **Jumping jacks:** A simple but effective cardio move.
- **High knees:** Run in place bringing your knees up high.
- **Butt kicks:** Run in place bringing your heels towards your glutes.
- **Dance:** Put on some music and get moving!

 - **Burpees:** A full-body exercise that's a real calorie burner.
- **Cardio at Home:**
 - **Jumping jacks:** A simple but effective cardio move.
 - **High knees:** Run in place bringing your knees up high.
 - **Butt kicks:** Run in place bringing your heels towards your glutes.
 - **Dance:** Put on some music and get moving!
- **Find Online Resources:**
 - **YouTube:** Tons of free workout videos for all levels. Search for "bodyweight workouts," "home workouts," or "beginner workouts."
 - **Fitness Apps:** Many offer free plans or trials.

Tips for Success:

- **Start Slow and Gradually Increase:** Don't try to do too much too soon.
- **Consistency is Key:** Even short workouts a few times a week are better than one long, grueling session.
- **Make it Fun:** Find activities you enjoy so you're more likely to stick with them.
- **Listen to Your Body:** Rest when you need it and don't push yourself too hard, especially when starting.

You've got this! Let me know if you'd like some more specific ideas or want to brainstorm a simple home workout routine.

You've got this! Let me know if you'd like some more specific ideas or want to brainstorm a simple home workout routine.

To stay fit without any equipment and avoid going to the gym, you can focus on bodyweight exercises that utilize your own weight for resistance. Here are some effective exercises and tips to help you get started:

Effective Bodyweight Exercises

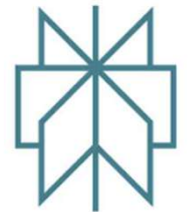

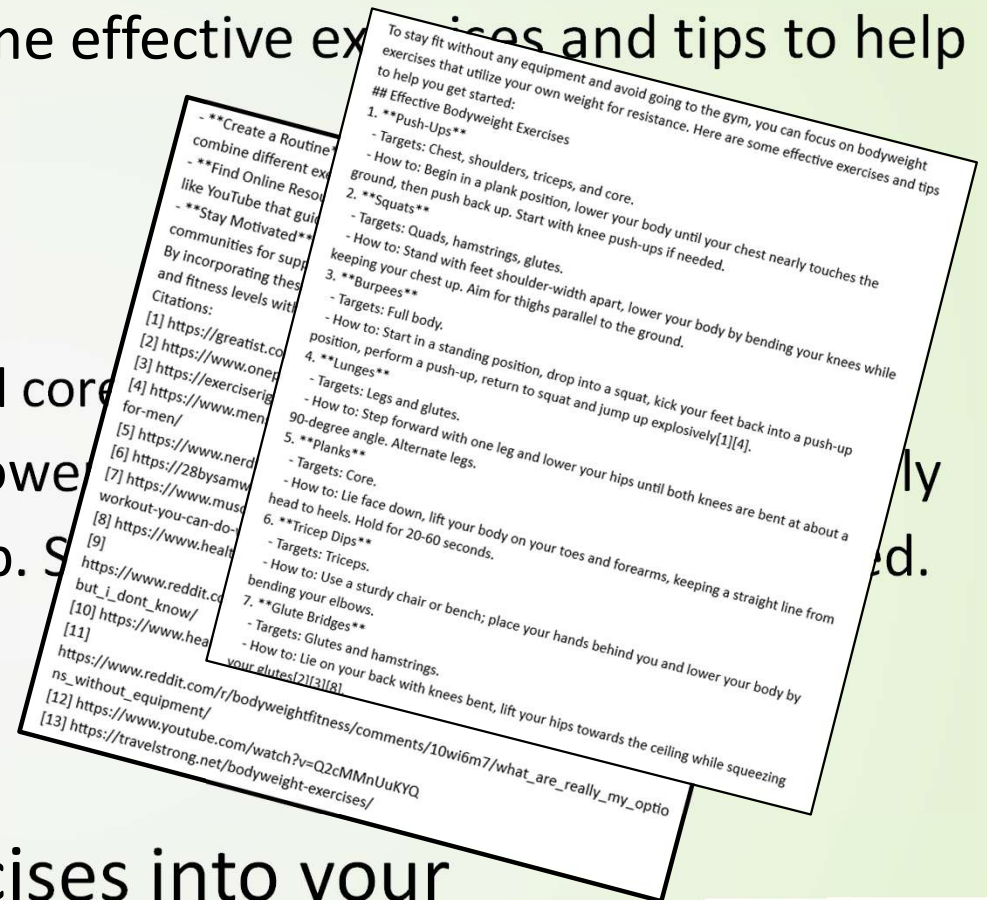

1. **Push-Ups**

- Targets: Chest, shoulders, triceps, and core.
- How to: Begin in a plank position, lower your body until your chest nearly touches the ground, then push back up. Start with knee push-ups if needed.

2. **Squats**

- Targets: Quads, hamstrings, glutes.

By incorporating these exercises into your routine, you can effectively improve your strength and fitness levels without needing any gym equipment.

Perplexity

Personal Finance Management

Retirement Savings Benchmarks

At age 35, you should aim to have saved between one to one-and-a-half times your current salary for retirement. This means your target retirement savings at this point should be between \$90,000 and \$135,000. If you haven't reached this benchmark yet, don't worry - there's still time to catch up and get on track... -seven pages etc.

Perplexity
