Perplexity AI says...

- Google Groups is being exploited by scammers to send fake order and phishing emails to unsuspecting users
- Scammers create fake Google Groups posing as legitimate companies
- They add victims' email addresses to these groups without permission
- Don't click links or call numbers in suspicious emails
- Check your Google Groups membership and leave any suspicious groups

- Adjust your Google Groups settings to prevent being added without permission:
 - Sign in to Google Groups
 - Go to *Settings > Global settings*
 - Uncheck "*Add me to their groups*" and "*Invite me to their groups*"
 - Click Save
- Report Within Google Groups or to Google Support
